---

### tesa® Spray Glue Repositionable

With tesa® Spray Glue Repositionable, lightweight materials such as advertising billboards, posters, or templates can be affixed and then removed and repositioned with no problem.

---

### tesa® Spray Glue Extra Strong

tesa® Spray Glue Extra Strong delivers dependable bonding even for heavier materials. A vario valve with infinitely variable spray quantity control helps form an even film of glue on a broad array of surfaces while also ensuring practical handling.

---

### tesa® Adhesive Remover

tesa® Adhesive Remover can be used to quickly and easily correct application errors made in any type of gluing or eliminate annoying adhesive labels or price stickers.
